

20s & 30s Sierra Singles Section
Historical Background
Compiled by Bob Cates, Angeles Chapter Historian

First listing in Chapter Activities Schedule No. 208, March – July 4, 1975, as the “21-35 Singles Committee”

This is a new committee formed to bring environmentally conscious single people of our own age together at Sierra Club outings for their own enjoyment. Most of the outings in this schedule are easy hikes since we do not have many leaders qualified to lead more extensive outings. We plan to conduct the full range of Sierra Club outings as our leadership staff grows. A bi-monthly newsletter is available and a sample copy may be obtained by sending a self-addressed stamped envelope to the Mailing Chairman. Please do not request a copy unless you are single and between 21 and 35 years of age.

Mark Dunbar was presented with an Outings Service Award for 1983. The April 1984 *Southern Sierran* reported on all the 1983 awards recipients, including the following description for Mark Dunbar:

Mark, a member [of the Sierra Club] since 1973, has been an advocate of the 20's and 30's Singles Section since its formation in the 1970s. He has served on the management committee for the last eight years, including four years as chairman. His personal record of trips led for the Section has been outstanding—over 100 trips. He can also be found leading joint Sierra Singles Section-Santa Monica Mountains Task Force evening hikes.
